**Is Aging A Disease? Is Self-Love A Myth?
Can Youth Be Reclaimed After 55?
Does Happiness Have An Expiration Date?**

These are just a few of the questions Joanie "McGranny" Marx boldly addresses in her new, eye-opening book. As Baby Boomers age, the fears of being discarded, unseen, and abandoned are amplified by scarcity driven media stories painting a grim picture of those over the age of 55 as slow, elderly and obsolete. Marx is out to show that there is an abundance of untold riches waiting for you to discover in the least likely of places.
